# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Sales Are Conducted As Follows:**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any lots may be inspected prior to the sale. Collector is liable until received by us. Collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

## 25th EDITION (1972) GUIDE BOOK, PAPER MONEY 6th EDITION, "TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.**

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## **BARGAINS**

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

## YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred ninety successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 11¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## 1793 LARGE CENTS

155—1793 CHAIN AMERICA, S-2 variety (rarest of the two "Chain America" type; somewhat rarer than S-3, the usual "Chain America" offered). Listed by Dr. Sheldon as the same rarity as S-1 ("Chain Ameri."). Basically Extremely Fine in sharpness but has some pitting. If not for the pitting, it would probably be "worth" close to \$3,000; however the pitting would reduce its value to about half.

156—1793 WREATH, VINE & BARS EDGE, S-6 ("Sprung Die") variety listed by Sheldon as a bit rarer than the S-3 Chain variety and with a higher dollar value. The obverse of this specimen is a choice very fine with the reverse easily extremely fine (the fraction & lettering quite sharp having only slight friction.) RARE, PARTICULARLY SO CHOICE. The "commoner" S-3 is listed in the Guidebook in only v.f. at \$1,500; surely this somewhat superior specimen & rarer variety is worth closer to ..... 2,500.00

157—1793 LETTERED EDGE, S-11C variety, about good or so (rough surface; some portions very good, good & fair). Catalogs good ..... 250.00

158—1793 LIBERTY CAP, S-14 (popular "Bisecting Die Crack" variety) basically about Very Fine but rough surface, particularly at right obverse & below bust (including date). VERY RARE. Sheldon lists it as somewhat rarer than S-13 (the usual "Liberty Cap" offered) and gives it a substantially higher dollars value. "Condition Census" includes a fine-15 coin, which attests to the rarity of this variety and should make this specimen acceptable. The Guidebook lists the "commoner" S-13 v.f. at \$2,500 which would make a v.f. specimen of S-14 worth at least \$3,500; this specimen probably worth about one-third that.

## 1794 LARGE CENTS

159—1794, 2ND TYPE HEAD (Head of 1794) S-24 (popular "Full Cheeks" variety) Extremely Fine appearing but close examination reveals some light lines on reverse, porous planchet. Sheldon lists this as somewhat rarer than the "commonest" 1794 variety and values it at 50% more which would figure out to \$285 for v.f. and over \$500 for extremely fine. The lines on reverse could reduce its value to about half or less.

160—1794 LOW HEAD, S-36 variety, basically Very Fine but has rough surface (which seems to be typical of a great many of the early cents). Possibly the condition 15 or condition 12 coins LISTED IN "CONDITION-CENSUS". Sheldon states "NOT FAR FROM R-7" (4 to 12 known) which lends credence to the "about 14 or 15 specimens known" opinion of a leading authority. A bold example of this rarity. The Guidebook lists fine ("common" varieties) at \$100 which according to Sheldon's value scale would make condition 12 (fine) of S-36 worth 6 times as much (\$600) plus 1½ times for "Condition-Census" or \$900; or if it is condition 15 (fine sharp) worth closer to ..... 1,100.00

161—1794 MARRED FIELD S-38 variety (heavy die break left obverse field) very good although STATES is not as sharp as balance of coin. VERY RARE (R-6) with a fine specimen included in Condition-Census. Sheldon gives it a basal value of 5, making it worth 5 times the "common" very good price or ..... 287.50

162—1794 Truncated Hair Locks S-42 variety, very fine. As stated by Sheldon. "This reverse is always struck a little weak in upper right portion. OF is weak and top of O is scarcely visible, even on Extremely Fine coins." This must be one of the later die states as STATES is also weak. VERY RARE (Upper Range R-5). Possibly the Very Fine 20 or 25 coins Listed in "CONDITION CENSUS". Sheldon values it 4 times that of "common" varieties (4x\$190) \$760x1½ (for Condition-Census) or a total of ..... 1,110.00

163—1794 Short Bust S-44 variety, Extremely Fine and Choice! Possibly one of the two 40 coins Listed In "CONDItION-CENSUS". Listed by Sheldon at 1½ times value of "common" varieties or over ..... 500.00

- 164—1794 Slanting 7 & Large Berries S-55 variety, we are undecided as whether to accept it as the "About Uncirculated 50" coin listed as SECOND FINEST IN "CONDITION-CENSUS" or call it THIRD OR FOURTH FINEST (C-C lists "40" coins as 3rd & 4th finest). RARE. Valued by Sheldon at double the "common" varieties plus additional premium for "Condition-Census" adds up to over ..... 1,000.00
- 165—1794 Wide Date, Thick Hair S-58 variety, very good. Rare. Valued by Sheldon at double the "common" varieties or ..... 115.00
- 166—1794 Close Date, Thick Hair S-60 variety, thick planchet, Very Fine & Sharp. RARE. Valued by Sheldon at 3 times "common" varieties or over \$650 plus 1½ times (if this is the "30" coin Listed In "CONDITION-CENSUS" as claimed by owner) or ..... 975.00
- 167—1794 Fallen 4 variety S-63 (a "famous variety" popular with "Big Cents" collectors for many years) very good. Valued by Sheldon at double "common" varieties or ..... 115.00
- 168—1794 Five Braided Locks, Large Circular Curl S-67 variety. We do not believe it to be the "40" coin (Extremely Fine & Sharp) Listed in "CONDITION-CENSUS" although it is fairly close; probably "Extremely Fine" would be more accurate. Rare. Valued by Sheldon at double "common" varieties or at least ..... 650.00

169—1794 Die Break Between T and Y, Triple Leaf Under D, S-70 variety, very close to Uncirculated with only slight friction on highest points. Possibly one of the two "50" coins Listed In "CONDITION-CENSUS" as SECOND & THIRD FINEST KNOWN as claimed but we are inclined to feel it may be the "45" coin Listed As FOURTH FINEST KNOWN. In this remarkable condition, it is easily worth over ..... 1,500.00

- 170—1794, 3RD TYPE HEAD (Head of 1795) S-72 variety, about extremely fine (the reverse is sharper than obverse). If not the "35" coin Listed In "CONDITION-CENSUS", then it surely ranks close to it. A popular and difficult "type" to find, particularly this choice. Valued by Sheldon at 1½ times "common" varieties, this choice specimen surely worth at least ..... 550.00

### 1795 LARGE CENTS

- 171—1795 LETTERED EDGE S-74 variety, Single Leaves at wreath top, very fine (reverse actually Extremely Fine but there is a rub spot on hair). RARE. Valued by Sheldon at about 15% more than the "commonest" lettered edge (cat. \$230) there; its value should be over ..... 260.00
- 172—1795 LETTERED EDGE S-75 variety, Double Leaf top right wreath, very good fairly sharp, (usual porous planchet). SCARCE. Catalogs ..... 75.00
- 173—1795 PLAIN EDGE S-76b variety, ONE CENT high, a choice Extremely Fine (very little wear but grainy surface & planchet about 3% short) specimen in strong demand for "Liberty Cap" type. Acquired as "About Uncirculated" some years ago at \$300.00. It may now reach that figure (even though graded more conservatively) with the interim rise in values for choice specimens;
- 174—1795 S-77 Variety, ONE CENT central in wreath, a choice specimen with obverse a strong very fine & reverse extremely fine & sharp, pinpoint nick. RARE variety. Close to "CONDITION-CENSUS" which includes a "35" coin. Valued by Sheldon at 3½ times the "commonest" variety; therefore worth over ..... 750.00

175—1795 JEFFERSON HEAD S-80 variety, Very Good bust & LIBERTY with bottom of date not as sharp; good to very good reverse (uneven wear). EXTREMELY RARE. Sheldon states "Probably less than 20 genuine Jeffersons known". In strong demand for "type". The fact that a very good specimen is included in "Condition-Census" possibly this specimen further substantiates its rarity! Seldom offered! Valued by Sheldon at over 13 times the value of a plain edge 1795! If this is the very good coin in "CONDITION-CENSUS", then it is worth about ..... 900.00

## 1796 LIBERTY CAP CENTS

- 176—1796 LIBERTY CAP S-82 variety (Pole attached to bust) very good obverse, about good (uneven wear) reverse. RARE variety. With a fine coin included in "Condition-Census", this becomes an acceptable specimen. Valued by Sheldon at about 45% more than the "commonest" variety; or about ..... 85.00
- 177—1796 S-83 Variety (end of Pole connected to Bust by Die Break) rather close to the "Very Fine" for which acquired (some unevenness of wear). RARE variety. "Condition-Census" includes a very fine coin, therefore this specimen should command the attention of advanced "Big Cent" specialists. The "commonest" 1796 cap variety catalogs v.f. \$215; surely this specimen worth over ..... 250.00
- 178—1796 S-85 Variety (Low 6) basically Extremely Fine with usual porous planchet, some evidence of die failure at OF, some tiny rough spots evident if closely examined. VERY RARE variety. Sheldon states "One of the famous Rarities and almost prohibitively scarce above fine". "CONDITION-CENSUS" lists (55-45-30-20-15-15). Possibly the "20" coin as claimed by owner (who reduced it one grade to allow for any detractions. If so, then according to Sheldon, it would be worth about ..... 700.00
- 179—1796 S-86 Variety, affectionately called "Office Boy" reverse by "Big Cent" specialists (9 defective leaves, bow incomplete, badly spaced legend, etc.) very fine (obverse trifle shy of grade but reverse is Extremely Fine). VERY RARE (R-6) variety. "CONDITION-CENSUS". Well worth ..... 550.00
- 180—1796-S-87 Variety, a choice and sharp Extremely Fine specimen. Possibly the one Listed In "CONDITION-CENSUS". If it is, then it has a "Book-Value" of around ..... 600.00

181—1796 S-88 Variety (Club Pole, Balanced Date) Extremely Fine & Sharp, tiny edge nick.. VERY RARE variety HIGH UP IN "CONDITION-CENSUS". "Book-Value" well over ..... 1,000.00

- 182—1796 S-89 Variety (Crowded Head, Triple Leaf Under T) Very Fine & Sharp (close examination shows it has been brushed). "CONDITION-CENSUS". Surely this desirable specimen worth over ..... 350.00
- 183—1796 S-90 Variety (Crowded Head, Double Leaf Under T) Upset Reverse (upside down) very good (center quite sharp with periphery not as sharp). EXTREMELY RARE (R-7). Probably one of the two such coins Listed In "CONDITION-CENSUS". Sheldon's "Book-Value" figures out to about \$275 but as generally noted, extremely rare coins usually bring somewhat more than a "theoretical price". Keeping this in mind, we believe that Rarity will bring closer to ..... 400.00
- 184—1796 S-91 Variety (Wide Date) rather close to the "About Uncirculated" for which acquired (typical porous planchet). A choice and attractive cent excellent for date, type or variety collectors. At the time it was acquired (several years ago) it had several superlatives describing it with a price tag of \$750; we do not know whether the owner paid this price for it or obtained it for less.

## 1796 DRAPED BUST (FILLET) CENTS

- 185—1796 Second Style Reverse (Type of 1795) S-92 Variety (Close 96, 6 Leaning Right, Single Leaves at top) a choice Extremely Fine specimen which is Close To "CONDITION-CENSUS" (if not actually the "40" coin Listed). Sheldon states "Three of the top six coins are in ANS." Therefore, this must be ONE OF THE TOP SPECIMENS AVAILABLE TO COLLECTORS! Easily worth over ..... 600.00

- 186—1796 NC-1 Variety (similar obverse with Third Style Reverse — Type of 1797) acquired as “Extra Fine but the obverse looks like it has been “improved” (to remove corrosion, etc.), the all important reverse is quite nice.” Sheldon states “Six now accounted for, five of them in collectors’ hands.” “CONDITION-CENSUS” Lists (30-15-12-12-10-6) therefore we are inclined to accept the claim “THE SECOND BEST ONE KNOWN.” It is valued \$1,000 on the envelope. What it may be presently “worth” is difficult to determine.
- 187—1796 Second Style Reverse (Type 1795) S-93 variety (Hyphenated 7-9, Circle Wreath) heavy reverse die break, about Very Fine (porous planchet which occurs so frequently among the early cents). Catalogs (Guidebook) v.f. .... 240.00
- 188—1796 NC-4 Variety (Close, Curved Date with Second Style Reverse — Type 1795 envelope has “Fine but some marks in the hair. THE BEST ONE IN COLLECTORS’ HANDS.” Sheldon states “Seven accounted for, six of them in collectors’ hands. The 10-coin, however, is ANS.” “CONDITION-CENSUS” Lists (10-5-4-3-2-2) therefore with the very good (10) in ANS, only good to fair specimens are available to collectors. A MOST UNUSUAL OPPORTUNITY TO ACQUIRE A GREAT RARITY!
- 189—1796 First Style Reverse (Type of 1794) S-101 variety, very good & sharp VERY RARE. Close to “Condition-Census” (which includes a fine coin). Using Sheldon’s formula, we arrive at a “Book-Value” of about \$125; but rarities seem to bring more. We would not be surprised to see it exceed ..... 150.00

190—1796 First Style Reverse S-102 variety (Dotted Date) Very Fine & Sharp, porous planchet. RARE variety. Possibly “CONDITION-CENSUS” which includes 2 Very Fine “20” coins! The “commonest” 1796 variety catalogs v.f. \$225; surely this rare variety in desirable condition worth over ..... 350.00
- 191—1796 “LIHERTY” S-103, about Very Fine, (black porous planchet). The owner had it noted as “CONDITION-CENSUS” (whether he felt it was the “15” or “20” coin listed therein is not specified). VERY RARE variety (much rarer than S-104, the only other LIHERTY variety). One of the more popular and sought-after varieties. Sheldon values this at more than double the other LIHERTY. If it is the “15” coin, then its “Book-Value” would be over \$600; but if it is the “20” coin, then its “Book-Value” would be closer to 1,000.00
- 192—1796 Third Style Reverse (Type 1797) Double-Cut 6, S-105 Variety, a Choice Extremely Fine specimen of this EXTREMELY RARE VARIETY! Sheldon states “Possibly 15 to 20 known”. “CONDITION-CENSUS” is (65-25-15-10-10-7). UNDOUBTEDLY, THE SECOND CHOICEST SPECIMEN KNOWN! With the sole exception of the top one, the others are very fine down to very good. One of the “Most Prized Big Cents” in this remarkable collection. Using the Guidebook as a base for “common” varieties value, Sheldon’s formulae gives it a “Book-Value” of about \$2,500 to ..... 3,000.00
- 193—1796 First Style Reverse (Type 1794) S-106 variety (Date Slants Right) fine. VERY RARE variety. “CONDITION-CENSUS” includes a “15” (strong Fine) coin, however Sheldon states “Two of the top six in ANS”. Therefore this could be “CONDITION-CENSUS” (top six) in availability to collectors. As such, we believe its value to be around ..... 300.00

194—1796 First Style Reverse S-108 variety (Widest Date) very good. (RARE variety Guidebook has “commonest” variety at \$70 but Sheldon’s “Book-Value” would be about ..... 100.00

195—1796 First Style Reverse S-110 variety (96 Close & Connected) basically Extremely Fine but has eroded surface (which is typical of many of the early cents). Allowing a reduction of one grade for the erosion, would give it a Guidebook value for v.f. of ..... 225.00

## DRAPED BUST (FILLET) CENTS (Cont.)

- 196—1796 First Style Reverse S-111 variety (Date Leans Right, 9-6 Close) very good obverse but reverse closer to good. **VERY RARE** variety. "CONDITION-CENSUS" includes a very good coin but "Two of the six are ANS". Therefore it is possible that this is among the top six in availability to collectors. As such, its value would be around ..... 150.00
- 197—1796 Third Style Reverse (Type 1797) S-114 variety (6 in Drapery) Very Fine & Sharp obverse, about Very Fine reverse. **VERY RARE** variety. "CONDITION-CENSUS" as it includes a "15" coin. "Book-Value" about ..... 750.00
- 198—1796 S-114 **DOUBLE STRUCK** both obverse & reverse, very good. Acquired close to 4 years ago when it was valued \$300; present value?
- 199—1796 Second Style Reverse (Type 1795) S-116 variety (6 High, Tilted Left) very good. **VERY RARE** variety. "Condition Census" includes 3 fine coins, therefore this is an acceptable specimen of this rare variety. "Book-Value" about ..... 165.00
- 200—1796 Third Style Reverse S-117 variety (Straight Date, Figures Leaning Right) about very good (small obverse bruise). **EXTREMELY RARE** variety. Sheldon states 'Just twelve accounted for, two of them in ANS.' With **ONLY 10 IN COLLECTORS' HANDS** and a very good coin in "Condition-Census", there should be a strong demand. Sheldon values this rarity at close to 3 times the "common" variety which catalogs v.g. \$80, plus the fact that rarities bring more than the "theoretical" price should send this coin over ..... 250.00
- 201—1796 Third Style Reverse S-118 variety (Closest Date, 6 in Drapery) very good & Sharp. **EXTREMELY RARE**. Sheldon states "Ten accounted for, two of them in ANS, including the 55". This must be the "10" coin Listed In "CONDITION-CENSUS" as 5TH BEST KNOWN but with 2 in ANS, this is Either 4TH OR 3RD BEST (depending upon condition of 2nd ANS coin) IN COLLECTORS' HANDS! As such, it would have a "Book-Value" (if 4TH) of about \$375; but if 3RD, a value of about ..... 500.00

## 1797-1798 LARGE CENTS

- 202—1797 Plain Edge, Reverse 1796, S-120a variety (Wide Date) about Extremely Fine (Sheldon states "this die began to fail early" — evident in this specimen in TA of STATES not being fully struck up). **RARE**. In strong demand as Major variety. "Condition-Census" includes 2 extremely fine coins, therefore this is a highly acceptable specimen. Since this the only die combination of this Major variety, the unusually strong demand for a choice specimen should send it over ..... 300.00
- 203—1797 Grippled ("Milled") Edge, Rev. 1796, S-120b variety (Wide Date) Fine To Very Fine (uneven wear) Catalogs fine \$82.50 in V.F. \$150.00; this worth about ..... 110.00
- 204—1797 Similar Major variety, S-121 (Close Date) Extremely Fine. Much Scarcer than above S-120b (the only 2 dies of this Major Variety). Very Close, if not actually the "35" coin Listed In "Condition-Census". A **RARITY** in this condition worth over ..... 300.00
- 205—1797 Third Reverse (Type 1797) S-130 variety (prominent die break obverse), virtually Uncirculated, only barest friction. "CONDITION-CENSUS". ..... 400.00
- 206—1797 Stemless S-131 variety, basically Extremely Fine, however it appears to have been "brushed" a little too enthusiastically (many "Big-Cent" collectors brushed their beloved coppers to preserve them). "Condition-Census" includes 3 very fine coins, therefore this specimen is quite significant. The Guidebook does not reflect the rarity of this Major Variety in conditions above fine. How much "brushing" affects the value of this desirable coin is difficult to determine. An Extremely Fine specimen should easily be worth over ..... 500.00
- 207—1797 Small (tiny) Fraction S-134 variety (Period Before Throat) about Very Fine (swelled die as stated by Sheldon — resulting in outer left reverse not being as sharp as balance of coin). Right reverse die break. **RARE** variety. A Major "Naked Eye" variety deserving of separate listing in Guidebook. "Book-Value" 2½ times "common" variety of v.f. or over ..... 200.00
- 208—1798 Large Close Date S-145 variety (Style I Hair & Letters) basically Extremely Fine but has a few minor imperfections. **SCARCE** variety Sheldon states "No more than a half dozen seen above VF". Possibly the "20" coin in "Condition-Census". If so, it would have a "Book-Value" of ..... 225.00

209—1798 S-146 (state b) variety (Top of Hair Unfinished) about Fine (reverse sharper than obverse, being actually Fine to Very Fine) porous planchet. VERY RARE variety. "CONDITION-CENSUS" includes 2 condition "12" coins; this may be one of those specimens. As such, it is worth .....	265.00
210—1798 S-148 variety (Horned 9) heavy break over ERTY (ex. Macallister as "Ex-Rare, when showing this die break"). Extremely Fine & Sharp (edge nick). Possibly the "30" coin Listed In "CONDITION-CENSUS". If so, then it would be worth about .....	300.00
211—1798, 8 OVER 7, S-151 variety (Close Overdate) good, although some portions closer to very good. Seldom Offered. "Book-Value" figures out to over .....	100.00

219—1798 S-169 (High 8) Extremely Fine, beginning die failure at edge. RARE variety. Possibly one of the last 3 coins in "CONDITION-CENSUS". As such, its value would be over .....	700.00
---	--------

220—1798 S-170 Very fine & Sharp. RARE variety. Possibly the "25" coin Listed In "CONDITION-CENSUS". As such, it would be worth about .....	250.00

Over 90% of the genuine specimens we have seen in our 38 years as professional numismatists have had either the date or Liberty weakly struck. The Scott Catalogue states "Always found on rough, dark, narrow planchets." A HIGHLY DESIRABLE SPECIMEN OF THIS RARITY! In this remarkable condition, it is well worth .....	3,500.00

855—1880-CC, 80 OVER 79 2nd reverse (type 1878 with parallel feathers on arrows) very close indeed to the "Uncirculated" for which acquired, as it has only the barest traces of friction. <b>Extremely Rare die state with eagle's breast fuller than the typical very flat breast of this type. VERY RARE.</b> Catalogs unc. \$350 (for typical very flat breast) but this Extremely Rare die state, if available, would surely be worth in unc. upwards of \$500 or \$600. This specimen probably worth upwards of .....	350.00

### CARSON CITY SEATED LIBERTY DOLLARS

867—1870-CC GLITTERING GOLDEN PROOFLIKE WITH RAISED EDGE BOTH SIDES! A REMARKABLE SPECIMEN OF THE FIRST YEAR OF CARSON CITY COINAGE. If this were in our regular stock, we would not hesitate to price it ..... 1,000.00

868—1871-CC Very Fine. RARE! How many of the only 1376 struck a century ago can have survived? **THE LOWEST COINAGE OF ALL THE CC DOLLARS!** Compare this coinage with the 1794 dollar of which 1758 were struck. We feel the present catalog of only \$950 is a bit low in keeping with the very small coinage. The newly struck Eisenhower dollar has influenced an increased demand in all silver dollars, which should be reflected in this rarity.

869—1872-CC GLITTERING GOLDEN PROOFLIKE WITH RAISED EDGE BOTH SIDES! Very difficult to find in the higher states of preservation. Most we have seen in our 38 years as Professional Numismatists have been in good to very fine. **VERY RARE IN THIS REMARKABLE CONDITION!** Surely this highly unusual specimen of this rare date should realize in the neighborhood of ..... 2,500.00

### INDIAN TERRITORY NATIONAL BANK NOTES

This is the largest collection of these that we have catalogued in all our 297 sales! The **INDIAN TERRITORY** represents a fascinating part of American history and these nationals present a truly unusual opportunity as a basis for historical research as well as a chance for numismatists to acquire specimens. We are proud to have been a major factor in helping assemble this outstanding collection for a period exceeding three decades. It is our hope that the new owners will take as much pride in these “bits of history” as did the previous owner. Incidentally, the records accompanying this collection indicate that these notes “more than earned their interest”. With the increasing demand, we cannot help but believe that the new owners will also find that they will “more than earn their interest” during the coming years.

We maintain a large stock of U.S. coins & currency not contained in our Mail Sales. Use the back of the Bid Sheet for your want list.

## \$10 CIVIL WAR COMPOUND INTEREST TREASURY NOTE

1046—\$10 F-190, Interesting 6 months to 3 years redemption value scale on reverse, **very fine. SUPERIOR TO MOST SPECIMENS SEEN!** In fact, the catalog (Friedberg) does not list it in higher than fine condition as most that have survived are well worn and defective. All other issues, with very few exceptions, list “very fine” and “new” conditions. Donlon lists 3 conditions for most; “fine”, “very fine” and “new”. Generally speaking, he lists “very fine” from 2 to 2½ times the value of “fine” (he does not list prices for this issue—probably due to so few being offered). Therefore, if Friedberg had a “very fine” value for this elusive note, it would probably be \$2,500.00. Keeping in mind that this catalog is now 4 years old, we believe the next edition (which will be out shortly) will raise its value in “fine” to a price in keeping with its present “market value” which we believe to be about \$1,500.00. This would then give a very fine specimen such as this, a value of about ..... 3,500.00

## \$10 ONE YEAR 5% INTEREST BEARING NOTE

1047—\$10 F-196, 1864 Extremely fine with unusually nice margins! **A GREAT RARITY SO CHOICE! FAR SUPERIOR TO THE NOTE ILLUSTRATED IN THE CATALOG!** Rarer than F-190 in the lower conditions but in this condition, **IT IS EXCESSIVELY RARE.** On a comparative scale, this would then have a value of close to ..... 6,000.00

## \$10 1879 REFUNDING NOTE

1048—\$10 F-214, 1879 A choice Extremely Fine specimen of this rarity! Also listed not better than “fine” due to the rarity of specimens in the better conditions. The present market value for “fine” seems to be around \$850 with very fine around \$1,500; which would make the value of this **HIGHLY SUPERIOR SPECIMEN** around ..... 2,500.00

## \$10 SILVER CERTIFICATES

1049—\$10 F-289, 1880 Bust Robert Morris, brown seal, Bruce-Wyman, near new, crisp with broad borders and bright colors. **VERY RARE SO CHOICE!** A very difficult note to find this choice. Most specimens seen over the years have ranged from good to a seldom seen very fine. If we had a very fine specimen in our stock, we doubt if we would encounter very much difficulty in placing it at \$400; and if this remarkably choice specimen were in our stock, it would be priced ..... 1,000.00

## \$10 CALIFORNIA NATIONAL GOLD BANK NOTE

1070—\$10 F-1143, Design with pile of gold coins with 1867 and 1871 dates showing, 1872 **National GOLD BANK And TRUST COMPANY, SAN FRANCISCO**, just about the "Very Fine" it is marked, nice clear pen signatures. **ONE OF THE RAREST OF THE GOLD BANKS** (much rarer than the usually encountered First National Gold Bank — when any are infrequently offered). The few specimens known are generally in wretched condition. If this remarkably choice specimen is not actually "**THE FINEST KNOWN**", then it surely is very close to it! The catalog lists only two grades; "fair" & "very good", thus indicating the rarity of better grade specimens. From a sale several years ago when it was valued \$2,500.00. Present value?

1074—\$20 F-126, 1863 With normal single "American Bank Note Co." at bottom, <b>TWO SERIAL NUMBERS</b> , new, crisp. Superior to most of the few "new" specimens seen over the years as all margins are clear of the design. <b>RARE SO CHOICE!</b> .....	750.00

### \$20 SILVER CERTIFICATES

1086—\$20 F-311, 1880 Bust Decatur, Large Brown Seal with “XX” below, Bruce-Wyman, “SILVER” in large block letters across reverse, extremely fine, crisp with nice margins. RARE, PARTICULARLY SO CHOICE. Most encountered over the years are in lesser condition. Catalogs \$600 (half-way between v.f. & new) in 4-year old Friedberg. We feel the new Donlon’s Research & Personal Collection specimen (auctioned about a year ago) was only a “Nice Fine plus” & realized \$285; which makes this choice specimen easily worth at least \$750.00. We feel the new edition of Friedberg (scheduled for publication early 1972) will raise its value substantially, particularly in the higher grades.

1087—\$20 F-312, 1880 DESIGN MODIFIED with small round red seal placed at bottom over “SERIES OF 1880” (rather than at top as on Brown Seal) & “XX” omitted below, Bruce-Wyman, new with nice margins, however the paper is brownish. **EXCESSIVELY RARE TYPE (only the single signature combination compared to 3 combinations for the above “brown seal XX” type) & EXCESSIVELY RARE CONDITION!** If this fantastic note were in our stock, we doubt if we would have any difficulty (we know several who have been searching for a choice specimen for a number of years and recognize the fact that some values placed in the references are theoretical rather than reflecting the actual sale of a note in that condition) placing it in an appreciative home at ..... 2,500.00

1093—\$20 F-374, 1890 Red seal, Rosecrans-Nebeker, fine. RARE. The new Friedberg catalog which is due out about the time of this sale, we feel will have the value for very fine around its current market value of around \$700; this fine specimen worth proportionately.

### \$20 NATIONAL GOLD BANK OF CALIFORNIA

1119—\$20 F-1152, FIRST NATIONAL GOLD BANK OF SAN FRANCISCO, CALIFORNIA, dated Nov. 30th, 1870 however the GOLD COINS ON REVERSE ARE DATED 1871. A note accompanying it has the following: "EXTRA RARE", "EXTRA FINE", "BEST KNOWN", "\$5,000.00". There is no question about it being "EXTRA RARE" in this choice state of preservation. As to it being the "BEST KNOWN", we cannot find any record of a choicer specimen so cannot dispute this claim. The catalog lists it in only "Fair" and "Very Good" conditions. **THE NATIONAL GOLD BANK NOTES ARE THE ONLY NOTES LISTED IN THE ENTIRE CATALOG IN WRETCHED OR "FAIR" CONDITION!** Indeed, it is an occasion when a "very good" or even "good" specimen is available. We know that a \$5 note on this bank exists in "new" condition and it is valued at \$5,000.00. This \$20 note is MUCH RARER THAN THE \$5, and in this condition should exceed the \$5,000.00 value placed on the \$5 "new" note.

## \$20 GOLD CERTIFICATES

1120—\$20 F-1169, 1882 Bust Pres. Garfield, Lyons-Roberts, extremely fine. .... 300.00

1121—\$20-F-1179, 1905 Lyons-Roberts, popular **GOLD BACKGROUND** design, extremely fine. **VERY RARE, PARTICULARLY IN THE BETTER STATES OF PRESERVATION SUCH AS THIS.** The 4-year old Friedberg catalog lists it at \$1,250 in "new", however the present market (which we believe will be reflected in the new edition which should be out about the time of this sale) is closer to \$1,600 "new". This extremely fine specimen should therefore be "worth" from \$1,000 to \$1,100.00.

1122—\$20-F-1185, 1906 Washington, white background, Parker-Burke (scarce) very fine. .... 110.00

1123—\$20-F-1187, 1922 Washington, new type obligation, new, crisp, **SUPERB!** ..... 250.00

## \$50 LEGAL TENDER NOTES

1124—\$50 F-150, 1863 Bust Hamilton, "**National Bank Note Company**" in top frame, "**Patented 30 June 1857.**" top left below frame, "**C**" & "**1**" below, "**NEW SERIES 1.**" below single number at right, rather close to the "Extra Fine" for which it was acquired. **VERY RARE.** Seldom offered. Some we have seen over the years have proven to be counterfeits, therefore some of the records of appearances must be discounted. Valued by Friedberg 4 years ago at \$1,550 (half-way between v.f. and new) we believe it is now worth closer to ..... 2,000.00

1125—\$50 F-150A?, 1863 **UNLISTED VARIETY** with "**American Bank Note Co.**" below "**National Bank Note Company**" at top, "**Patented April 28th 1863.**" top left below frame, "**C**" & "**3**" below, "**NEW SERIES 2.**" below single number at right, new, crisp with nice margins and colors! **AN OUTSTANDING RARITY SO CHOICE!** Easily worth ..... 3,500.00

1128—\$50 F-326, 1880 Bust Everett, Large Brown Seal with "**L**" (Latin for fifty) below, "**SILVER**" (Large Block Letters) on reverse, Bruce-Gilfillan, very fine. **VERY RARE!** Not a single specimen of this type was contained in the celebrated Donlon "Research and Personal Collection" sold last year! The 4-year old Friedberg catalog had it valued \$1,250; however we feel its present market value to be closer (confirmed by its absence in the Donlon collection) to ..... 2,000.00

1129—\$50 F-334, 1891 Changed type, **RED SEAL**, Vernon-Treat, fine. The 4-year old Friedberg lists it v.f. \$325; the present market value for v.f. seems to be around \$450, this worth proportionately.

## \$50 1918 FEDERAL RESERVE BANK NOTE "SUPERB"

1131—From our sale 3 years ago described "\$50 F-831, 1918 St. Louis (THE ONLY BANK TO ISSUE \$50 NOTES), PLATE 1, SUPERB CRISP NEW NOTE! Notation with note, "December, 1966 Numismatist \$3,500.00". In checking the Numismatist of that date, we find a page ad of William A. Philpott, Jr. (the leading authority on this issue) wherein he offers as follows: "F-831 \$50, only one. Only the St. Louis Bank issued \$50 denomination. LESS THAN 35 ARE OUTSTANDING. FEWER THAN A DOZEN ARE KNOWN IN SUPERB CONDITION. 99 out of 100 type collectors of \$50 notes lack this one. Obverse plate No. 1, and is as perfect as the day it left the presses." Surely this remarkable specimen of this rarity now worth \$5,000.00. The present owner acquired this note there at \$4,600.00. We feel this remarkable specimen of this popular type, 3 years later, should now realize over \$5,500 and probably closer to ..... 6,000.00

## COLORADO TERRITORIAL NOTE — BLACK CHARTER #

1227—\$5 F-401 (Allison-New) FIRST CHARTER SERIES 1875 (CHARTER 2129. IN BLACK!) First of CENTRAL CITY, COLORADO TERRITORY, DATED NOV. 15TH 1873, worn but legible (some repairs). Acquired 6 years ago when it was valued \$1,500.00. We note the Donlon Research & Personal Collection sold last year had a specimen described "minor creasing, face about new, back very fine, well worth (\$5,000)". It went rather low at only \$3,150.00. The market since then has risen to new heights and we believe if that specimen were now offered, it would realize or even exceed \$5,000.00 it was valued at then. We would not be surprised to see this rarity now exceed its valuation of \$1,500.00 six years ago.

### OKLAHOMA STATE NATIONALS

1268—\$100 F-702-a (NAPIER-THOMPSON) 1902 Series (4862) First in OKLAHOMA CITY, dated February 3, 1913 (unusual to have complete month instead of abbreviation). Original title of bank was State National. First National title adopted Oct. 11, 1919 followed by another title change in 1927. Owner acquired it over a decade ago in 1961 as "FR 702A S-1975, UNKNOWN NOTE, NAPIER and THOMPSON, VF \$1,000.00". We would grade it fine to very fine. If the phrase "CHANCE OF A LIFETIME" has any meaning in numismatics, we believe it can aptly be applied to this note. WE DO NOT KNOW O FTHE EXISTENCE OF ANOTHER SPECIMEN! ANY COLLECTION OF OKLAHOMA NATIONALS MUST BECOME "THE SHOWCASE COLLECTION" WITH THE INCLUSION OF THIS NOTE! We are at a loss to know what such a fantastic note is now "worth"; but since it is our policy to give some guidance as to value, we shall do so. The collectors of nationals were few and far between a decade ago but the number gradually increased. About four years ago, the collecting of nationals by states really "took hold" with even dealers forming their own personal collections. This was due to the publication of Louis Van Belkum's book "NATIONAL BANKS OF THE NOTE ISSUING PERIOD 1863-1935". We wish to publicly acknowledge the tremendous contribution this book has made to national bank note collecting. Some idea as to the rarity of the notes issued by each bank is now possible. Further research is needed as to the rarity of notes in each series for each bank. John Hickman has also contributed to the increased knowledge of nationals—hopefully it will be published in book form some day. Judging from the number of collectors of Oklahoma Nationals, we feel this remarkable note will bring over .....	2,500.00

1796 PROOFLIKE QUARTER

1295—1796 VERY RARE VARIETY WITH EAGLE'S HEAD SHARPLY STRUCK; about 95% of the specimens we have seen in our 39 years as professional numismatists have had the flat and poorly defined head. This remarkable specimen is <b>SHARP STRUCK WITH WIRE EDGE AND DEEP, SHARP EDGE DENTICLES!</b> It has a lovely <b>GLITTERING BLuish GOLDEN PROOFLIKE SURFACE!</b> It is so sharply struck that under a glass, the microscopic faintest suggestion of lack of complete fullness of the highest points is apparent (probably caused by reposing in the coin cabinets of the old-time collectors over the past 175 years). Acquired 8 years ago and bearing a number of superlatives (including "GEM", "PROOF", etc.) at \$7,500.00. April 12th, 1972 Coin World on page 21 has a similar specimen advertised at .....	11,500.00

1807 UNCIRCULATED QUARTER

1296—1807 Uncirculated with lovely bluish golden patina. <b>RARE EARLY DIE STATE WITH SHARP STRUCK BUST &amp; EAGLE!</b> Some of the stars, while not fully struck up, are much sharper than usually seen. An exceedingly difficult type (1804-07) to find this sharp. Superior in strike to the Pierce specimen (Stack's auction May 1965) which realized \$1,200.00. Surely this choice rarity now, 7 years later, worth closer to .....	2,000.00
--	----------

1828 PROOFLIKE QUARTER

1297—1828 <b>GLITTERING BLuish GOLDEN PROOFLIKE WITH RAISED EDGE, VERY SHARP STRIKE!</b> A fantastic specimen struck from the dies with LU of PLURIBUS missing. We recall a similar specimen several years ago enthusiastically labelled "Proof" by one of the newer entrepreneurs and sold at \$1,000.00. What this unusually choice specimen will now bring in the present strong market for top-grade "type" coins is difficult to judge. Perhaps \$1,250 or even closer to .....	1,500.00

## 1831 NO MOTTO, SMALL LETTERS QUARTER UNC.

- 1298—1831 No Motto, SMALL LETTERS (only struck early part of single year). Rare variety with small date, first "1" high, curved-base 2, berry on branch. **UNCIRCULATED, SHARPLY STRUCK AND RAISED EDGE, LOVELY BLUISH GOLDEN PATINA!** Close inspection with a glass reveals pinpoint nick not readily noticeable. Easily worth ..... 500.00

## 1835 PROOF QUARTER!

- 1299—1835 **GLITTERING BLUE & GOLDEN PROOF!** Appears to be the specimen we handled 3 years ago which realized \$1,450.00. The rise in values for this type in the intervening 3 years leads us to believe it will now realize over 2,000.00

## 1838-1845 UNC. & PROOF QUARTERS

- 1300—1838 **LIBERTY SEATED, NO DRAPERY, UNCIRCULATED BLUISH GOLDEN WITH RAISED EDGE.** Every hairline of bust and eagle's claws needle-sharp! A lovely "type" coin. The Miles specimen realized \$210 three years ago; surely this choice one now worth closer to ..... 300.00
- 1301—1838 **LIBERTY SEATED, PARTIAL DRAPERY TO ELBOW** (Guidebook lists similar 1838 10c as the rarest of the 3 varieties) **UNCIRCULATED GOLDEN.** Acquired a decade ago as "Faint Or Partial Drapery" and "First Seen" at \$500.00. Present value?
- 1302—1844 Drapery added, Uncirculated bluish golden. Catalogs low at only ..... 70.00

- 1303—1845 **GLITTERING PURPLE, GOLDEN, BLUISH PROOF WITH RAISED WIRE EDGE!** From our 1967 sale at \$1,050; surely it should now exceed \$1,500; perhaps closer to ..... 1,750.00

## 1850 "PRESENTATION" PROOF QUARTER

- 1304—1850 **GLITTERING BLUISH GOLDEN PROOF WITH FANTASTIC HIGH WIRE EDGE TRANSCENDING ANY PROOF QUARTER WE HAVE EVER SEEN!** The reeded edge is thus much wider than a normal proof. We can only surmise that it was manufactured at the Mint for "Presentation" for some special occasion. Whatever the reason, this **GEM PROOF "IS IN A CLASS BY ITSELF"**. "Proof Coins Struck By The United States Mint 1817-1921" by Walter Breen and published 1953 in Coin Collector's Journal by Wayte Raymond states under quarters, "1850-52. No authentic proofs have been seen, but one or two of each date are reported." We believe this truly unusual specimen to be in a class with the 1842 proof quarter which last sold at \$12,000.00 in the 1969 Miles sale (Stack's). However, until more research is done to discover the purpose for this "PRESENTATION" PROOF, we are realistic enough to feel that it will probably bring closer to ..... 5,000.00

## 1853 RAYS & ARROWS "GEM" QUARTER

- 1305—1853 Arrows at date, Rays on reverse, **UNCIRCULATED BLUISH GOLDEN, SHARP STRUCK WITH WIRE EDGE AND SOME PROOFLIKE SURFACE!** Records for choice specimens in Stack's November 1968 Sale at \$625 & the Miles specimen sold April 1969 at \$650. Surely now in 1972, its strong demand as a "one year only type". will continue its rapid advance to the four figure mark. In spite of the fact that the catalog keeps increasing its value, it is still somewhat behind the new records constantly being set; particularly when choice specimens are offered such as this. The present market for a specimen such as this, seems to be at least ..... 750.00

## 1854 ARROWS, PROOF

1306—1854 GLITTERING BLUE WIRE EDGE GEM PROOF! WHEN HAVE YOU SEEN ANOTHER SPECIMEN OFFERED? Three years ago we were fortunate to be able to offer a remarkable collection of quarters containing proofs of 1853, 1855, 1856, 1857 but IT DID NOT CONTAIN THE ELUSIVE 1854. The 1853 realized \$4,500 and the 1855 realized \$1,750. We believe if this 1854 were in that collection sold then, that it would have realized in the neighborhood of \$3,500.00. With the increased demand for top rarities since then, we feel its present value to be over 4,000.00. We know several serious collectors who are attempting to complete proof sets starting with 1854 — the first “practical year” which a collector may hope to acquire a date set of all proofs. While proofs exist prior to 1854, they vary from year to year and denomination to denomination. The demand for this proof should be keen indeed. Who knows how many years may elapse before the opportunity to acquire another specimen arises.

1307—1854 Glittering golden Uncirculated SHARP STRUCK WIRE EDGE GEM! Due to the strong demand for choice specimens of this 1854-55 arrows type, we would not be surprised to see it bring several times the catalog value.

## 1865 “TRANSITIONAL” (TYPE 1866 MOTTO) QUARTER

1319—1865 TYPE 1866 WITH MOTTO, GLITTERING BLUISH WIRE EDGE GEM PROOF! The 1971 “Scott’s Comprehensive Catalogue and Encyclopedia of U.S. Coins” states “**ONLY 3 PIECES STRUCK ACCORDING TO A NOTATION IN THE MASON & CO. SALE CATALOGUE OF JUNE 1870.**” The 1971 Guidebook lists the 1866 “Transitional” (type 1865 without motto) as “1 known, Hydeman Sale 1961 Proof \$24,500.00.” Since the Guidebook does not as yet include this “Transitional” (it does include the 1859 (R-6, 13 to 30 struck) 10c at \$3,500, 1866 25c, 50c, \$1 (“2 known (Charles Jay Sale 1967 Proof \$15,000”) it is difficult to know what this EXCESSIVELY RARE “TRANSITIONAL” is worth. On a rarity scale, it would seem to fall somewhere between the 1859 10c at \$3,500 and the 1866 25c with a 10 year old record of \$24,500.00. Consideration should also be given the 5 year old record of \$15,000 for the 1866 \$1 of which 2 are known (the advance in values since then would seem to indicate somewhat higher prices if they were offered today). We could cite other factors which might enter into determining its value, but in the final analysis, each collector must determine what it is “worth” to him. Who knows how many years will elapse before the opportunity to acquire one will again be presented.

**U.S. PATTERN, EXPERIMENTAL & TRIAL PIECES**  
**1¢-2-5-10-20-25-50-\$1-\$2½-\$5-\$10-\$20 SOME UNLISTED**

Since the appearance of the fourth edition in 1970 of this monumental book by Dr. Judd, there has been a sharp rise in value for many pieces. This was reflected at the 1971 A.N.A. convention and in the collection contained in our 295th sale in November. Dealers were bidding \$75 and more for those that catalog \$50. Many had bids of over double catalog. We are trying to be realistic with the estimates of the following, rather than repeat the disappointment of so many the last time who bid over catalog and our estimates, and still were outbid by those following the market more closely. Since the market for patterns seems to be rising so rapidly, it is entirely possible that the market values at the actual time of this sale will outpace present estimates. Due to these unusual circumstances, we cannot accept unlimited bids for this pattern collection. If you wish us to increase your fixed bids on any or all items, please circle the appropriate place at the bottom of the bid sheet.

**U.S. PATTERN, EXPERIMENTAL & TRIAL PIECES**  
**1¢-2-5-10-20-25-50-\$1-\$2½-\$5-\$10-\$20 SOME UNLISTED (Cont.)**

- 1385—1805 UNLISTED IN JUDD, pedigree traced back to an old New Netherlands sale where it was described "1805 Mule. A combination of badly rusted 1805 quarter obverse (Browning 2) and the eagle on a half a shield obverse, struck in copper, the edge plain. A restrike, cataloged as such on page 171 of the Raymond book. Ex. Fine. The only record known to us is lot 94, the Henry Metzger coll., sold by Henry Chapman, Feb. 12, 1909, and there thought by Chapman to be UNIQUE. This specimen, ex-Brand, may be that very piece." It was next sold in 1965 at \$1,000.00. Four years ago, it came up at auction and realized \$1,000.00. Judging from present activity, we should not be surprised to see it now realize around ..... 2,500.00
- 1386—1805, J-36, \$5 Trial piece of regular dies in silver, restrike from rusted dies, Uncirculated. UNPRICED IN JUDD! IT WAS ALSO UNPRICED IN THE FIRST, SECOND & THIRD EDITIONS OF JUDD! It is evidently rarer than J-30 (1804 \$5 silver restrike) which catalogs \$1,800, but which has a present market value of over \$2,500.00. This J-36 should have a theoretical catalog value of \$3,000 and a present value (2 years since publication of present Judd book) of ..... 4,000.00
- 1387—1836, J-57, 50c Gobrecht's bust left in cap; eagle standing with wings spread, reeded edge, Uncirculated with bluish & golden patina. POPULAR "TRANSITIONAL", type adopted in 1837 when the estimated 1200 struck were placed in circulation as happened to the 1856 Flying Eagle 1c, 1836 \$1, etc. Listed in Guidebook as regular issue at ..... 325.00
- 1388—1836, J-60, \$1 Gobrecht's Seated Liberty without stars obverse; Flying Eagle with 26 stars (states) reverse, GLITTERING BLUISH PROOF! POPULAR. The 1,000 struck were placed in circulation after passage of the Act of Jan. 18, 1837 authorizing its weight & composition. Listed in 2 year old pattern book at \$1,350 but the current Guidebook lists it \$1,900.00. The strong demand for it should be reflected with a higher price in the new Guidebook coming out.

In demand by pattern collectors and also as a replacement in regular proof sets for the “commoner” (80 struck) regular Large Letters proof which catalogs \$2,100.00. - 1402—1858, J-208, 1c Regular dies INDIAN Bust obverse; regular dies laurel wreath reverse, GLITTERING PROOF! POPULAR “TRANSITIONAL”, “1858 TYPE 1859” INDIAN. Many of the older catalogers and collectors “accepted” this as a “regular” coin in the same sense of “accepting” the 1856 Flying Eagle as a number exist in circulated condition. A case where the issuance of the same design the following year for circulation caused the possessors to “spend” them, as they no longer were novel. The 1971 Scott Catalogue includes these along with the 1856 Flying Eagle in their regular coinage. Since so fewer specimens were struck compared to the 1856 Flying Eagle (catalogs \$2,500 in proof), it appears to be inevitable that a rapid rise in value will take place due to the increased demand. We expect this choice specimen to realize over ..... 500.00
